TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Litchfield in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Litchfield on Tuesday, the 13th day of March, next at one of the clock in the afternoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will vote to raise or appropriate \$250.00 for the Public Library.

4. To see if the Town will vote to accept Town Road Aid for the permanent improvement of highways. Town to raise \$146.22 and the State to contribute 974.79.

5. To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes for the year 1956.

6. To see what action the Town will take in regard to Memorial Day and make appropriation for same.

7. To see if the Town will vote to raise and appropriate a sum not exceeding \$50.00 (less than 1/100th of one percent of the Town's assessed valuation) to the Merrimack Valley Region Association as the Town's proportionate share in publicizing and promoting all interests in this Region, or act in relation thereto.

8. To see what action the Town will take in regard of selling or disposing of the Litchfield Fire Department—Trailer pump.

9. To see if the Town will use money received from sale of trailer pump towards purchase of a new truck.

10. To see what action the Town will take regarding new fire equipment and what money the Town will raise and appropriate for same.

11. To see what action the Town will take in regards of clearing wood roads. Raise and appropriate for same.

12. To see if the Town will vote to adopt a plan for extending to employees of the town the benefits of title II of the Federal Social Security Act (Old Age and Survivor's Insurance) as authorized by Chapter 234 of the Laws of 1951 and to raise and appropriate the sum of 2% to defray the town's share of the cost thereof.

13. If the foregoing article is adopted, to see if the town will authorize the Selectmen to execute on behalf of the town the necessary agreement with the State of New Hampshire to carry into effect the plan and to see if the town will designate the Town Treasurer as the officer to be responsible for the administration of the plan.

14. To see what action the Town will take in regards to Civil Defense. To raise and appropriate for same.

15. To see what action the town will take in regards to purchase a two way radio for the Police Department. To raise and appropriate money for same.

16. To see if the Town will take any action towards obtaining data for a Town History and raise and appropriate money for the same.

17. To see if the Town will vote to sell a portion of the Bixby lot adjacent to the Charles Bancroft Highway and the lower Derry Road.

18. To see what action the Town will take in regards to White Pine Blister, raise and appropriate money for same.

19. To see what action the Town will take in regards to developing parking lot next to Town Hall formerly of E. Repman.

20. To transact any other business that may legally come before said meeting and read minutes of said meeting.

Given under our hands and seal, this 21st day of February, in the year of our Lord nineteen hundred and fifty-six.

- 1 Case, breaking and entering.
- 2 Cases, runaway children.
- 4 Prison escapees captured.
- 1 Tree blocking highway, removed and traffic handled.
- 1 Case dog bite, reported.
- 2 Dogs turned over to humane society.
- 3 Dogs returned to owners.
- 1 Dog disposed of.
- 4 Dogs reported struck and killed, owners notified.
- 2 Persons lost in woods.
- 48 Calls and complaints.
- 1 Hunter shot, removed to hospital.
- 3 Assisting other departments.
- 11 Calls from other departments.

This past year we have checked several places while the owners were on vacation. We are glad to do it if you notify us when you leave. The department had a busy year. This is to be expected with the increased growth of a community. We are happy to report that we do not have a juvenile problem in Litchfield.

The department added a new officer, Francis Smith, this past year. A long time resident, he is proving to be a very capable officer. In the capture of the escapees we were fortunate to apprehend them quickly. I am proud of the manner in which my officers responded to this task.

FOREST FIRE WARDEN'S REPORT

35. Permits. (B) No person, firm or corporation shall kindle or cause to be kindled any fire or shall burn or cause to be burned any material, and no city or town shall kindle or maintain a fire or a public dump, in or near woodlands, pasture, brush, sprout, waste, or cut-over land, or where fire may be communicated to such land, except when the ground is covered with snow, without first obtaining a written permit from the forest fire warden of the town where the burning is to be done unless the same is in the presence of the warden or his agent.

36. Liability for Fires Without Permit. Any person causing or kindling a fire without permit of the forest fire warden, when such permit is required, and any person by whose negligence or the negligence of this agent any fire shall be caused, shall be liable in a civil action for the payment to the town, or the state or both, of the expenses incurred by the forest fire warden or deputy warden in attending or extinguishing such fire.

REPORT OF THE SCHOOL BOARD

To the Citizens of Litchfield:

In the past year we have completed the new three room addition to the school and remodeled the lunch-room so that now lunches are served cafeteria style. We hope the citizens and taxpayers are as proud of these additions as we the School Board and Building Committee are. We wish to thank the Building Committee and all the others who helped us to achieve this goal.

We are fortunate to have the services of five teachers who are doing excellent work with our school children. Mr. Boska, our principal has the seventh and eighth grades, Miss Ware fifth and sixth grades, Mrs. Gibson third and fourth grades, Miss Laughlin in second grade, Mrs. Tetrault who for the second year has the first grade. We owe Mrs. Lila Copp a debt of gratitude for starting out the year for us in the fifth and sixth grades.

We would like to take this time to point out to the people of the town that Litchfield being between two cities the size of Nashua and Manchester where the salary scale is higher and the need for teachers so great that if we do not raise our teachers salaries so that we can at least compete with other towns and cities we are going to find it increasingly difficult to keep good teachers.

The Board wishes to thank The Men's Club for their donation towards the steam-table in the cafeteria, The Golden Bands for the electric mixer, The Police Association for the piano, The P.T.A. for the recreational equipment. Such thoughtful consideration and interest on the part of its citizens helps not only the school but the town as a whole.

Respectfully submitted,

SUPERINTENDENT'S REPORT

LITCHFIELD SCHOOL DISTRICT

To the School Board and Citizens of Litchfield:

It gives me pleasure to submit my first annual report as your Superintendent of Schools.

Litchfield has every right to be proud of its efforts to provide educational facilities for its future citizens. The new three room addition has proven its worth in its first year of operation as a functional well planned unit. The town was indeed fortunate in having as its general contractor a local man who took personal interest in the school and who would provide many of the little extras not called for in the contract itself. Such local cooperation can only result in two things, "A Better School and A Better Community", which are at the very foundations of American democracy.

Litchfield's instructional program this year has been based on good basic educational procedure. The entire staff under the leadership of Mr. Boska as Principal has taken a professional interest in their work and each teacher has been a growing teacher. Their combined efforts to uphold past standards and improve present standards of instruction has been greatly appreciated by your Superintendent and it is his opinion that the pupils of the Litchfield Elementary School are very well prepared to carry on their education in any high school which they might choose to enter.

A careful survey of the pupil enrollment table included as part of this report will show that Litchfield should look forward to the hiring of an additional teacher for the school year 1957-58, where twenty or more pupils are entering each year it means that combined grades will become forty or more which doesn't provide for the best of instruction. If the grade enrollment trend continues the year 1956-57 will be the last in which five teachers will suffice.

The election of Mr. John W. McGrath as Helping Teacher in Supervisory Union No. 27 has been a definite step in the right direction. In order to make Mr. McGrath's work definite, he has been put in charge of instruction in the

various school districts. It is his job to work with and help the individual teachers, to survey instructional facilities and work with your Superintendent in building a better overall educational program. As his report follows, I shall only say that he has done his work exceedingly well and that the instructional level of our school has improved through his conscientious efforts.

The enlarging of the Cafeteria with its newly arranged kitchen area has given your school one of the most functional small School Lunch Cafeteria in the state. It has not only served to make work easier for your cafeteria workers but has allowed them to use that extra time for the program. Thanks to Mrs. Haight and Mr. Marsan your children are well fed, which is bound to show in good health and general classroom behavior. A good school lunch is a vital part of a schools health and instructional program.

Your School Board is vitally interested in your school and its children and has done all it possibly could to provide your children with the necessary tools of instruction. It has been a pleasure working with them in a cooperative attempt to make Litchfield's school everything we could wish it to be. Such cooperation between School Board, Teachers, pupils and parents has made my work a pleasure.

Respectfully submitted,

LOUIS L. RAMSAY
Superintendent of Schools

Mr. Louis L. Ramsay
Superintendent of Schools
Litchfield School District
Litchfield, New Hampshire

Dear Sir:

I herewith submit my annual report as Helping Teacher for the Litchfield School District. I have divided my report into two major categories:

(1) Present Status of the Curriculum, and (2) Future Planning for the Curriculum. Further subdivisions have been incorporated for clarity.

Many people have not been able, as yet to clarify the positions of Helping Teacher. Shall it suffice to say that the Helping Teacher's role of counselor specialist and consultant to the professional staff, school board, parents, and to the community at large has one major objective, and that is the **improvement** of the educational growth and development of the children in our schools.

Much credit for hard and diligent work must be awarded to the teachers who formulate and carry out the curriculum that at present is instituted in our schools. They are always aware that in working with pupils — humans — they must be ever diligent about improvement in all the aspects of the curriculum.

I shall analyze our present situation in the schools of the District. An attempt will also be made to direct your attention to the future plans that are now, in many instances, in the embryonic or "thinking" stages. We hope all our plans will crystallize and, thus, perhaps, improve the total program.

(1) Present Status of the Curriculum:

(a) READING:

The Scott-Foresman system of basal readers is proving its worth. This is an extensive and expensive cumulative reading program which seems to produce readers who can, in most cases, read to capacity. Those children who can't read to capacity after being skillfully guided through this program are really out of the realm of solution of the or-

dinary classroom teachers. They are our unfortunate remedial cases. There is much strength in our reading program in Litchfield, thanks to the publishers of our program and the conscientious work of the teachers. Litchfield parents should be satisfied, in general, with the results of reading instruction in their schools.

(b) LANGUAGE:

Progress in this area has been generally satisfactory. More vital "life" needs to be injected into the McKee Language Program.

(c) SPELLING:

This is rapidly becoming as controversial an area as reading. We are fortunate! The teachers have done a more than acceptable "job" with our spelling program. **The Pupils Own Vocabulary Spellers**, which we use in grades two through eight, have proved to be a wise accession. We have little about which to worry in this area! We are teaching spelling effectively!

(d) GUIDANCE

A testing program has been instituted. In grades 1, 4, 8, and 10 intelligence tests will be administered each year during the month of September. In grade 1 the California Mental Maturity, Primary Test Form; test is used; in grades 4, 8, and 10 the California Short Form Tests of Mental Maturity are used—elementary advanced, and adult forms respectively. This is to become an annual affair.

Achievement testing in the Spring has been instituted and if this year's success is a measure of the usefulness of the program, I am positive that no one will be able to refute its necessity. In grades 1 and 2 the California Reading Test is administered; in grades 3 the California Achievement Battery, Primary Form (reading, arithmetic, and language) is administered. In grades 4, 5, and 6 the California Achievement Battery, Intermediate Form (reading, arithmetic, and Language) is administered.

Cumulative records and the wealth of information that goes with each one have been instituted for all children. I am sure their usefulness will be felt in the future by our own schools and faculties and assuredly by the high schools to which our students are eventually graduated.

(f) ARITHMETIC:

Surprising as it may seem, at many grade levels we are ahead of where we should be in this area. However, overall sound concepts and understanding are being made to provide a solid arithmetical base for future life and future mathematical endeavors. Either teachers extremely like or dislike this area. We, on the whole, are fortunate that most of the Litchfield teachers seem to give this area its just accent in the total program.

(g) SCIENCE:

We are in poor condition! Future plans are mentioned later. However, we have an exceedingly strong program in grades seven and eight.

(h) SOCIAL STUDIES:

In grades one through three we have and are attempting to follow the state curriculum and ordinarily—no texts are required. The curriculum develops from a home understanding to a home—school—community understanding. In grades four through six we employ the Follett series which builds an extension of the primary studies and develops understanding of the community, state, New England, the nation, and American neighbors. This is a more than satisfactory and acceptable program.

(i) HANDWRITING:

This is a sadly neglected area, in general, of our language program. No specific system is employed. For sound educational purposes manuscript writing is usually taught in grades one through halfway through the third. After the halfway mark of the third year has been reached, the program usually shifts to cursive writing. This all is sound educational practice. Our program in the primary grade is on a sound basis. This area tends to receive less attention within the intermediate grades when other influences enter. Unfortunately, we are unable to continue our past program which was under the supervision of the Rinehart Handwriting System of Waltham.

(2) Future Planning for the Curriculum:

(a) SCIENCE:

Naturally, this is a deplorably ignored area. We are normal and following a national trend. However, next year we hope to adopt a strong cumulative program. The teachers are now examining science programs for grades one through six; a strengthening for this area is necessary for next year!

(b) LANGUAGE:

Much discussion and revision is needed to produce a program in the Language area which stresses the skills on an equal basis with the social competencies to be gained. This is a major fault of the present program. This area deserves more attention!

(c) HANDWRITING:

Already the teachers are aware of the lack and the needs in this area. The Board has investigated this discrepancy and, until such a time as we can afford better, we shall proceed with a self-administered program. However, we shall need to give this area more just and deserved consideration and accent in relation to our total elementary program. It is hoped we may return to the satisfactory Rinehart System.

(d) OVERALL:

Much planning and thinking about the curriculum is evidenced by what our teachers are producing. I am sure this constant and productive planning for the curriculum will continue as in the past.

This has been a rewarding year for the Helping Teacher. The wonderful cooperation of the Superintendent, Principal, Teachers, School Board Members, parents, and Citizens of Litchfield have made it possible to do the Job of "helping" with dispatch and meaning.

Respectively submitted,

JOHN W. McGRATH,

Helping Teacher
